

PARENT/CARER INVOLVEMENT SURVEY

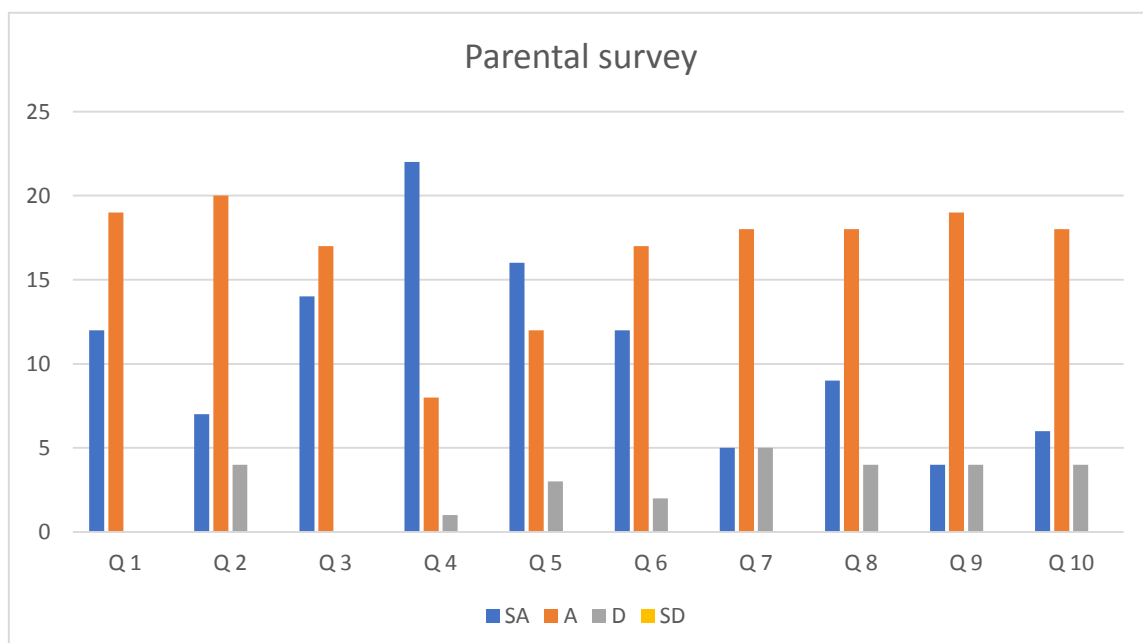

At Oaklands School we are always striving to provide the best possible outcomes for our children and young people. We want to build on the fantastic partnerships with parents and the community. In order to do so, we would like to collect as much information from you regarding parental involvement within our school.

Please take a few minutes to complete the survey below so that we can determine how we are doing and what we can improve for the future. Your responses will remain confidential. The results of the survey will be shared with you shortly after we have collected in the results.

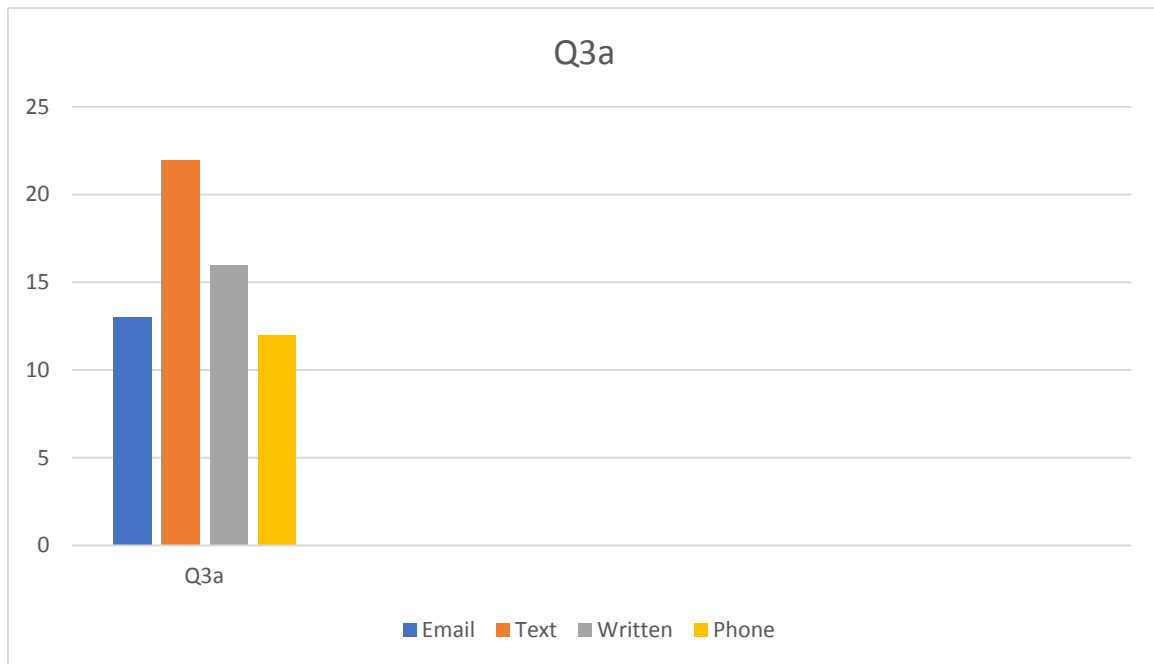

Your opinion really matters so please return completed forms to the school by the 20th of January 2017.

Many thanks in advance.
